Penley

On February 27th, grades 5 to 8 had a great time at the Duck Mountain Ski resort. They enjoyed skiing, snowboarding and tubing. Thank you for having us!

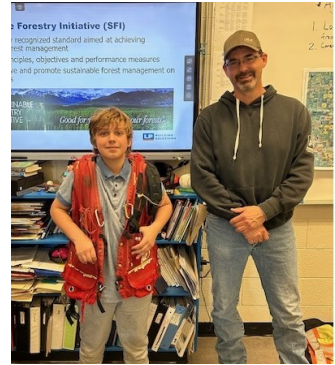

## Gr 7/8 Career Discovery

During the month of March, the Grade 7/8 class has done research on possible careers.

We completed booklets that outlined possible career choices, as well as did research on different universities/colleges that we may be interested in attending. We completed interviews with people whose positions interested us, then, we presented their answers to the class so that we could all learn from their experiences. We also had three guest speakers come and talk to us about their careers in front of the class.

Thank you to, Kory Lylyk, Carrie Kruk-Lylyk, and Brian Nickel for coming and presenting about their careers for us!

Article Made by Katie Lylyk

## Badminton

We've been focusing on badminton for the last few weeks. The focus is to have fun and to improve badminton skills. Our coaches are Mr. Suffron and Mr. Nokinsky, they have been setting aside time to coach after school practices and lunch hour practices. They are trying to improve skills and provide students with the best outcomes in badminton. We are excited to announce that there will be Gr. 5-8 students attending each of the badminton nights and Valley champs.

There is only enough room for a certain amount of people at Valley Champs so, there will be a grade 7/8 playoff to decide who will be attending. The goal is to get as many people playing badminton and having fun and meeting new friends as we can. Valley champs will be held on April 29<sup>th</sup> (alternate date is May 1<sup>st</sup>).

By: Bentley S., Carlene F., and Mr. Nokinsky

## Grade 8 High School Tour

The Grade 8's had a high school tour to help them prepare for next for September.

Benito school only goes from Kindergarten to Grade 8. The high school in Swan River is the only one in our school division so all of the kids from the surrounding schools go to it in Grade 9. At the tour we learned where all the classes are at the high school. We learned about the electives that we get to choose to do at the high school for the next four years. Electives are classes that we get to choose to take or not. We got to see the kitchen, the shop, the Tiger's Den.

We also had someone come to our classroom in Benito to give us a presentation on what it will be like in high school. During the presentation we learned about the classes, the day schedule, and that some school blocks will be the same all year while others will change at the high school. I will miss Benito School, but I can't wait to go to the high school next year!

By Reyna T. & Mr. Nokinsky

# Curling Bonspiel

The curling bonspiel happened on Friday Feb 28, 2025. It included grades 5-8, and lots of people got to feel the curling experience! Some of the kids who know how to curl taught the others how to Curl, and it was so much fun. We also did Floor-curling in P.E. and intramurals. For the bonspiel there was an eight team round robin. Every team played each other one time and the team with the greatest number of points won the whole bonspiel. The trophy is cool, and you get your name and team printed on the trophy, my team was tied with Nolan's team but since he beat us in the round robin, he ended up winning the trophy.

My team got 2<sup>nd</sup> place with Kashton (me) Tay, and Hunter. The winning team was Nolan, Mason, Treden and Aiden. The third-place team was Reyna, Emmit, Sophie B and Burkley.

We all had such a good time!

By: Kashton Parthenais and Mr. N

## Benito Library

Any children who have stuffed animals at the library, please come and take them to their fur-ever homes. Anyone who wants to have a stuff animal, we still have some that are available for adoption. Come into the library for details.
