Hot Lunch May 16th!

Our favourite hot lunch ladies will be making us Shepard's pie for lunch. Cost is \$5.00 plus cheese and/or gravy can be added on if you like. Order forms are due Friday May 9th.

The Grade 7/8 band will be in Moose Jaw from May 12th-14th to attend the Moose Jaw Band & Coral Festival and do a little sight seeing. Please make sure your child's permission form is signed and returned to the school by May 5th!

The grade 7/8 class will be busy for 3 days helping out at Lynn's Plants & Things to raise money for their band trip. They will be there April 30th, May 2nd and May 5th.

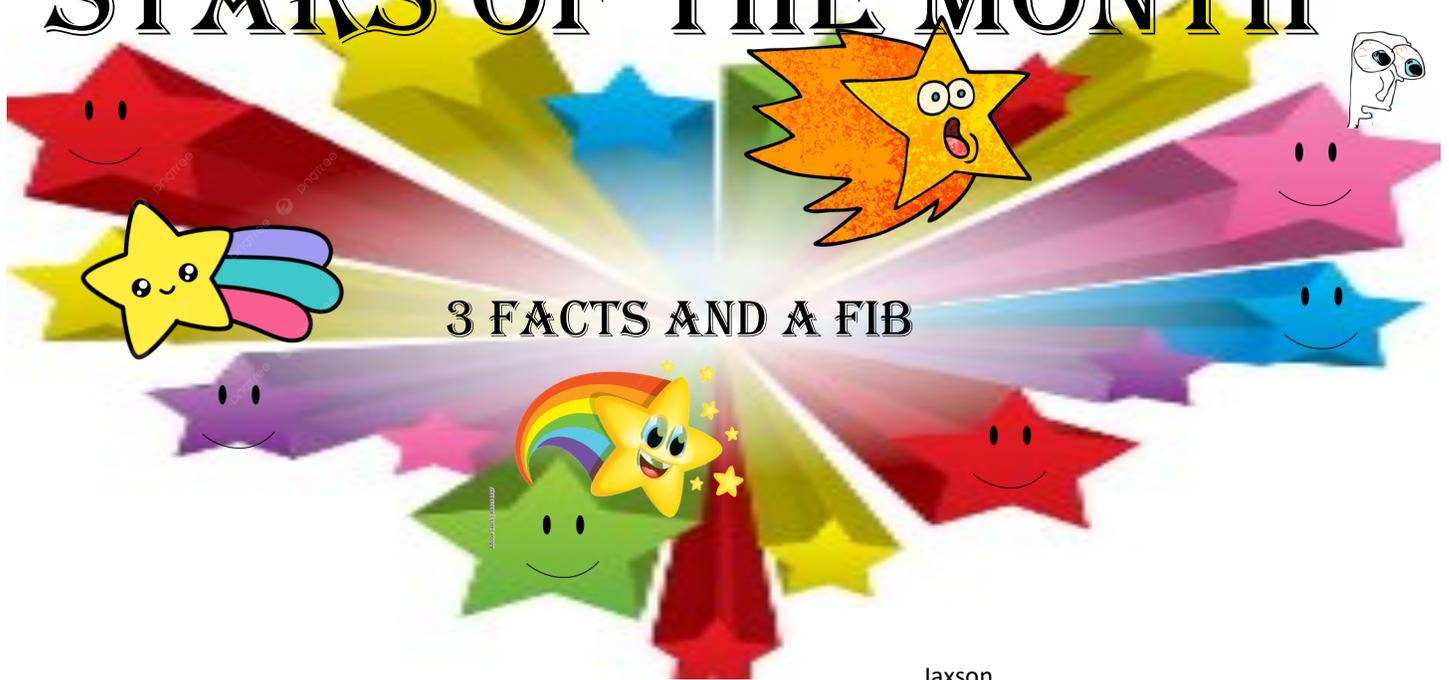

Sunburn Classic MAY 23RD

Grades 5-8 will be showing off their track & field talents at the annual Sunburn Classic! They will be competing against other schools in our valley at The SVRSS.

STARS OF THE MONTH

4. I have 3 dogs.

Sophie

1. My cat was purring at the vet.
2. I don't like pickles.
3. I love the colour green.
4. My dad had a fish named Fred.

SPORTS REPORT

We should all be very proud of each Gr 5-8 student that attended the badminton nights and Valley Champs. We did so well that the coaches from other schools kept joking that we are running a Badminton Factory in Benito! Please see the pics of all of our kids who won awards at the badminton nights. EACH kid that attended did SOOO well!

We had so many interested in badminton this year we had to have play offs to see which Gr. 7/8's would represent Benito at Valley Champs this year because we are only allowed two teams per category. All of our athletes were very competitive at this event. Jaxson and Burkley got second place in boys doubles—and Benito came in second place overall for total school points!!!

A **HUGE THANKS** to **Mr. Ryan Suffron** who helped coach the kids again this year!

Grade 7/8

The Gr 7/8 class did Passion Projects in ELA class in April.

Projects had the following 3 expectations of students:

1. Students wrote a project proposal and have it approved. If their “Essential Question” could be answered by a quick Google search—it wouldn’t be approved.
2. Students’ learning had to be research-based and the research must be documented.

Students prepared to present their learning to our class--and the world!

Examples of some of the projects the students chose were how to make a website about fishing (and actually make one), how to make their own video game (and actually make one), the history of the Old Dutch company and how to make delicious potato chips, how to become the General Manager of an NHL hockey team—and what does a G.M. actually do!?

The Passion Projects went so great that they all got extra classes to work on them and we plan to set up tables in the gym to show off our Projects to the rest of the school and their parents on Wednesday, Ap. 23. It was a huge hit! We want to send out a special thanks to the parents who came to support it.
