ATTENDANCE MATTERS

Missing a day of school here and there may not seem like much, but absences add up!

When a student misses **2** days a month..

They will miss **20 DAYS** a year.

They will miss **30 HOURS** of math over the school year.

They will miss **60 HOURS** of reading & writing over the school year.

They will miss over **1 YEAR** of school by graduation.

When a student misses **4** days a month..

They will miss **40 DAYS** a year.

They will miss **60 HOURS** of math over the school year.

They will miss **120 HOURS** of reading & writing over the school year.

They will miss over **2 YEARS** of school by graduation.

In Flander's Field

In Flanders' fields the poppies blow
Between the crosses, row on row,
That mark our place: and in the sky
The larks, still bravely singing, fly
Scarce heard amid the guns below.

We are the dead. Short days ago
We lived, felt dawn, saw sunset glow,
Loved and were loved, and now we lie
In Flanders' fields.

Take up our quarrel with the foe;
To you from failing hands we throw
The torch; be yours to hold it high,
If ye break faith with us who die
We shall not sleep, though poppies grow
In Flanders' Fields.

Regular attendance is critical for school success

Attendance is important in all grades from Kindergarten to Gr. 12

Children often find it difficult to catch up on missed work, just like when you miss a day of work

Absences are a problem if excused or unexcused

Did you KNOW?

Sporadic and consecutive absences negatively impact learning

IT'S A FACT

Research shows that parents underestimate their child's absences by 50%
