

SOCIAL STUDIES 10M/ COURSE OUTLINE

INSTRUCTOR: D. Aschroft

CONTACT INFORMATION: dashcroft@svsd.ca

204-734-4511 or 204-734-7939

COURSE DESCRIPTION:

This course is a multi-graded course which includes students with a variety of learning needs. Each student will have a Curriculum Modification Plan and will receive guidance and assistance from the classroom teacher and educational assistants to meet their learning needs.

Students will develop mapping skills as they explore Canada and where it is in the World. They will explore Canada in terms of its: Human Geography, Physical Geography, Government and History; Canada's Indigenous People, the Immigration of Europeans to Canada and how it created Multiculturalism in Canada.

This course is organized to include learning activities that will lead to **the General Learning Outcomes of:**

- The Land Places and People
- Historical Connections
- Interdependence
- Power and Authority
- Economic and Resources
- Identity, Culture and Community

These learning outcomes will be broken down into **KNOWLEDGE, VALUE and SKILL BASED OUTCOMES.**

ASSESSMENT:

- 1. Quizzes**
- 2. Self Assessments**
- 3. Daily Assignments**
- 4. Unit Tests**
- 5. Individual and Group Projects**

CLASSROOM EXPECTATIONS

Learning: Students will come to class ready to continue to develop their mapping skills and learn new knowledge by participating in and completing activities and assignments organized for the class.

Responsibility: Students will be responsible for their class assignments and choices and actions while in class.

Respect: Students will respect all individuals in our class including themselves, as well our learning environment.

Safety: Students will make positive choices in class which will keep everyone safe both physically and emotionally.

DIGITAL CITIZENSHIP

- At all times, all SVRSS students are expected to be good digital citizens, respectful of the privacy of others, and responsible for their own devices. Any damage to a cell phone either physical damage or data damage is the solely the student's responsibility.

- **If at any time your device interferes with your learning and you have not put it away when you have been asked, any teacher or educational assistant in our class may take your phone away from you for the remainder of the class.**
- You may listen to music on your device, only while you are working on assignments independently once all instructions for class have been given.
- **Please remember that it is a privilege to have a device in class. You need to manage it in a respectful way, so that you are prepared for the working world!**
