

Interior/Exterior Finishing 30S

In this course, students will learn basic installation techniques for interior and/or exterior finishes.

Safety:

- 1) Demonstrate an understanding of and adherence to health and safety practices
- 2) Identify personal protective equipment (PPE) and procedures

Terminology and Skills:

- 3) Define Terminology associated with non-wood products
- 4) Identify hazards and describe safe work practices pertaining to handling non-wood products
- 5) Interpret codes, regulations, and information found on drawings and specifications pertaining to non-wood products
- 6) Identify tools and equipment used with non-wood products, and describe their applications and procedures for use
- 7) Identify types of non-wood products, and describe their characteristics and applications
- 8) Describe the procedures used to select, handle, and store non-wood products
- 9) Identify hazards and describe safe work practices pertaining to tools and equipment
- 10) Demonstrate the identification, use, and management of fasteners and adhesives
- 11) Demonstrate the skills required to lay out projects
- 12) Demonstrate the layout, measurement, and assembly skills required to install interior/exterior finishing products
- 13) Demonstrate an awareness of the existence of the building codes and other local regulations related to interior/exterior finishing

Employability Skills:

- Demonstrate regular attendance and punctuality
- Demonstrate accountability by taking responsibility for own actions
- Demonstrate adaptability and effort
- Demonstrate the ability to accept and follow direction and feedback
- Demonstrate teamwork skills
- Demonstrate the ability to stay on task and effectively use time

Critical Thinking:

- Demonstrate problem-solving skills

Employability Skills:

- Demonstrate an awareness of wood and wood products as limited resources
- Demonstrated the ability to reuse materials

Structure and Scope:

- Demonstrate an awareness of the scope of interior and exterior finishing

Technological Progression and Emerging trends:

- Demonstrate and awareness of the evolution, technological progression, and emerging trends in the interior and exterior finishing

Digital Citizenship

- The use of cell phones may be used discretely if students are completed with the classroom assignments. If the use of cell phone disrupts other students, it will be taken away from the student by the instructor and given back at the end of class. If this type of behavior keeps reoccurring, the instructor may ask the student to leave device in locker for the length of the class until student earns the privilege again. Any further disciplinary actions may be taken to administration and parents may be notified.
- The use of cell phones is encouraged in the carpentry program as long as it is carpentry related and used in a safe manner. The students need to be aware of their surroundings when using cell phones in the shop and will be asked to keep clear of any machinery.

Assessment Outline:

General Safety	10%
Course Specific Folders	20%
Final Exam	10%
Projects	50%
Class Participation	10%
Total	100%

SVRSS 3-Step PPE Compliance Order - proper Personal Protective Equipment (PPE) is essential for safety in the Building Trades Shop (carpentry shop). **CSA Approved Safety boots or CSA approved toe caps (properly fitted to appropriate footwear) must be worn in the shop. Safety glasses must be worn in the Automotive shop.** If a student fails to comply with PPE requirements, the following steps will be followed:

Step #1: Reminder & Documentation

- The student will be reminded to wear their PPE. PPE will be provided for duration of class
- An entry log will be made in **PowerSchool**, recording that the student was non-compliant and asked to wear their required gear.
- The teacher will explain the importance of PPE and the potential risks of non-compliance.

Step #2: Parent/Guardian Contact

- If the student is reminded to wear PPE again, the teacher will call the student's **parent/guardian** to inform them of the issue. A log entry of this will be made as well. PPE will be provided for the duration of class.
- The teacher will explain the importance of PPE and the potential risks of non-compliance.

Step #3: Office Referral & Potential Removal

- If the student is reminded to wear PPE a third time, they will be **sent to the office** for further action, which will include a parent/guardian, student, teacher and administration meeting.
- The student **may be removed from Vocational programs** for failing to meet minimum safety requirements.

By signing below, I acknowledge that I understand and agree to comply with these PPE requirements.

Student Name: _____

Parent/Guardian Name: _____

Student Signature: _____

Parent/Guardian Signature: _____

Date: _____
