On October 1st Benito School Students from grades 4-8 took the last hour and a half to enjoy the weather at the local Skate Park. They took turns on the park so it wasn't too crowded. When they weren't on the park they played wide games or played at the splash park. It was an awesome afternoon and maybe the best part was that nobody got hurt!

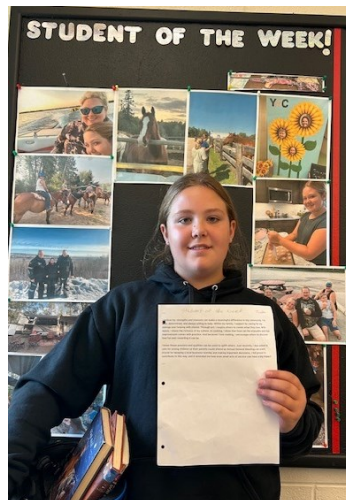

# Student of the Week

Grade 6- 8 is showcasing a “student of the week” throughout this year. Students are encouraged to share their hobbies, interests, and how their interests can help their community in different ways. Students are also encouraged to showcase their favourite activities with the class in a “grown-up” form of show and tell. Treden brought in some special books she has read, her riding helmet, and showed the class her amazing artwork and how she makes mini saddles for horse figurines!

Cade brought her horse Cider to show the class. Cade gave the class an impressive explanation of the horse’s body parts, and their purposes. Tay also showed off her horse, “M and M”. The students loved giving the horses treats—and the horses loved receiving them! A huge thanks goes out to Pam and Brian for bringing the horses in so the students could experience them.

# SPORTS REPORT

Gr 6-8's attended volleyball development days with students from the other schools in the Division twice in October. The mornings are designated to warm ups and skill development, and the afternoons are full of games. Our students were put on teams with students from each of the other schools. The Benito kids exhibited great team-building skills and made some new friendships!
