

## GRASS CUTTING TENDER FORM

Sealed tenders will be received by the Swan Valley School Division for grass cutting at various schools. Cutting services to be performed from approximately late May to early September. The tender will be for three years (2026-2028), subject to satisfactory workmanship, performance, and service.

Grass cutting is to occur prior to school opening or after school closes. **Absolutely no grass cutting during a school day, unless approved and/or requested by the school principal or Maintenance Supervisor.**

Grass is to be cut once per week unless otherwise approved. If, due to wet or stormy weather conditions, the grass cannot be cut on a given week, there will be no payment. Additional cuts are to be approved prior to being completed, as well as skipping cuts due to dryness, or other slow growing conditions. It is the responsibility of the contractor to monitor growth.

The contractor is not required to do any trimming around trees, fence lines, playground equipment, baseball diamonds, etc. The grass is to be cut 2 ½ inches high. Only tractors or equipment with turf tires and finish cut mowers will be permitted to be used. Please list the type of equipment that will be used for cutting grass.

**It is mandatory that all contractors and individuals working for the Swan Valley School Division carry WCB coverage and provide proof of good standing annually.**

The contractor shall make good on any damage to property (school division and non-school division) as a result of performance and execution of work.

The contractor shall be responsible for placing insurance on their own property and/or property for which they are responsible and shall waive any rights of recovery against the Swan Valley School Division including their employees or servants, for loss or damage to such property including loss of use thereof.

The School Division reserves the right to:

- 1) reject any or all tenders
- 2) accept the tender it deems to be in the best interest of the Division
- 3) award single, multiple or any combination of locations
- 4) not necessarily accept the lowest or any tender
